SUZHOU SEAPEAK CO., LTD.

**Male Thread Connector**  
Seapeak provides male thread connector for irrigation, welcome to enquiry!

**Female Thread Connector**  
Seapeak is specialised in manufacturing Female Thread Connector.

**Elbow Connector**  
Seapeak is specialised in manufacturing Elbow Connector.

**Male Thread Connector**  
Seapeak provides male thread connector for irrigation, welcome to enquiry!

**Female Thread Connector**  
Seapeak is specialised in manufacturing Female Thread Connector.

**Tee Connector**  
Seapeak is specialised in manufacturing Tee Connector.

**Hold Down Support**  
Seapeak is specialised in manufacturing Holddown Support.

**Hanging Clamp For PE Pipe**  
Seapeak can provide professional Hanging Clamp For PE Pipe.

## SUZHOU SEAPEAK CO., LTD.

Seapeak irrigation pipes and fittings are made of pure new raw materials and imported anti-aging agents, which are carefully processed with scientific formulas. They have good aging and corrosion resistance, long service life and low subsequent maintenance costs.

Injection molding using precision molds, product size fit, no burrs, beautiful appearance, good sealing performance.

The size and thickness of the product are sufficient to resist large external forces and are not easily damaged.

The product structure is scientific and reasonable, and the installation is simple and convenient.

**Material:** PP, PVC or PE

**Color:** black, blue, red

**Size:** 12mm, 16mm, 25mm, 38mm, 50mm, 63mm, 90mm, 110mm

**Thread:** BSP, NPT and so on.

**Packing:** in carton

### ❖ Application of Irrigation Pipe Fitting

- ❖ Agricultural Irrigation System;
- ❖ Yard Irrigation System;
- ❖ Plant Irrigation System;
- ❖ Lawn Sprinkler System.
